

Sage 50 Quantum Accounting 2014

The Ultimate, High-Performance Sage 50 Accounting Solution

Ready for the tools that can help your company grow and become more productive and profitable? If your business currently enjoys the benefits Sage 50 provides but you now want to achieve more, Sage 50 Quantum Accounting is the answer.

With Sage 50 Quantum Accounting, you can accomplish more for less than comparable solutions.

- More users and performance capacity
- More collaboration and reporting flexibility
- More functionality and tools for boosting profitability
- Less expensive than moving to a midmarket solution
- Less training required than learning a new system
- Less time to implement—no data migration required

Gain Easier Access and Better Insight into your Business Information

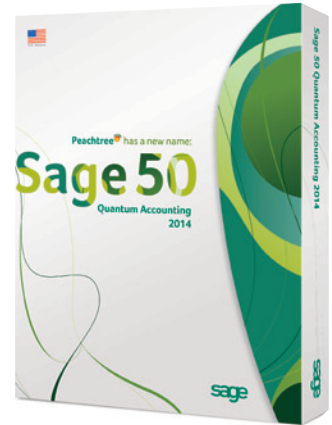

Customize your Sage 50 Quantum Accounting screens to show personalized information on My Dashboard with 46 modules to choose from. My Dashboard's birds-eye view and easy access to real-time tasks and information empower your teams to manage their own work more efficiently.

Automated workflow routing

Ensure that critical process-driven activities are sent to the right person at the right time. Give your sales staff the ability to quickly view and add transaction status details for easier tracking of customer or vendor orders. Easily add notes or other comments to keep everyone informed of where things stand.

My Inbox

Each user has their own personalized Inbox to help get organized and stay focused on their individual tasks.

WHY UPGRADE?

Additional functionality for expanding companies.

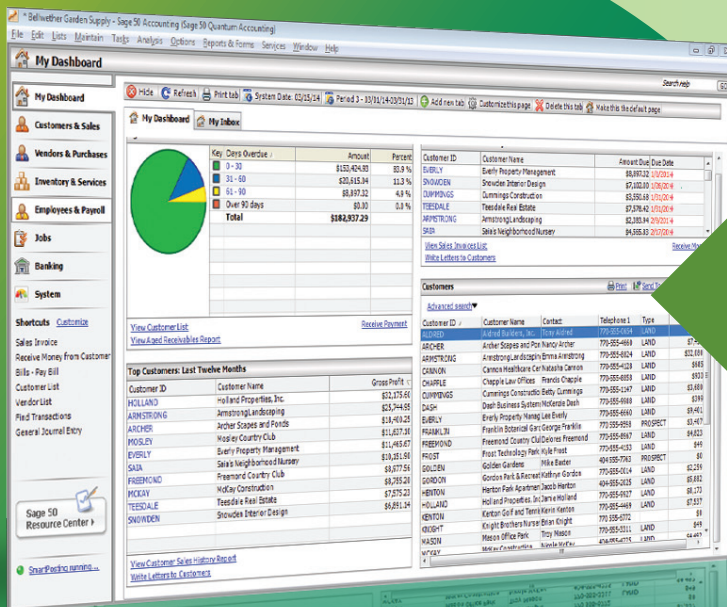

Up to 40-user scalability¹ to support business growth.

Better performance capacity = faster processing.²

Low total cost of ownership for better ROI.

Sage 50 Quantum Accounting comes with Sage Business Care Silver³ and includes:

- Unlimited⁴ access to customer support for your Sage 50 solution.
- The latest features with upgrades and updates for as long as you are enrolled in Sage Business Care.
- Sage 50 Intelligence Reporting, a custom reporting and analysis tool that uses the familiar interface of Microsoft® Excel® and real-time Sage 50 data.
- If you manage payroll in-house or have more than 50 employees, ask about our Gold or Platinum plans.

Customizable views for each person allows everyone to stay focused on their tasks and be more productive.

Workflow Automation

Track all of the moving parts of your order process so nothing gets missed and everything moves along as planned. Also, notify the next person in the process with a status and specific notes as needed.

Multi-User Management

- Ability to accommodate 5, 10, 15, 20, 30, or 40 licensed, named users¹
- Strong role-based security
- Optimized database capacity⁵

The Cost-Effective Solution

Avoid the high cost of implementation, training, and maintenance you may incur by switching to a mid-market solution. By moving to Sage 50 Quantum Accounting, you will experience a new level of accounting and business management, while maintaining a system you are already familiar with—all at an affordable price. Sage 50 Quantum Accounting includes industry-specific capabilities for Manufacturing, Construction, Distribution, and Nonprofit.

Assess Your Needs

- Is your company outgrowing your current accounting solution?
- Do you have 5 or more users requiring access to your company data?
- Do you need more flexibility and control in setting up and maintaining user security?
- Have you considered switching to a mid-market solution, but are concerned about the high costs of implementation, data conversion, training, and maintenance?
- Are you experiencing lengthy save times for transactions?
- Are you experiencing lengthy load times for reports?
- Do you have large data requirements?
- Do you have a need for access to specific industry reports, such as Work Ticket Register?

Sage 50 Quantum Accounting can help address these needs and more! Visit www.Sage50Accounting.com or call **877-495-9904**.

Sage 50 Quantum Accounting 2014 includes powerful, exclusive features and benefits not found in other Sage 50 products. These include:

Includes all industry solution functionality (Manufacturing, Construction, Distribution, and Nonprofit)	●	

1 Multi-user licenses available in packs of 5, 10, 15, 20, 30, or 40. A maximum of 40 licensed, named users is allowed. Only the first 40 named users selected in the user maintenance screen are considered licensed, named users. 2 Performance results are based on recommended system requirements for Sage 50 Premium Accounting 2014. Results may vary based on configuration, size and content of data file, system and network traffic. For information on testing environment refer to <http://www.Sage50Accounting.com/test2014>. 3 Valid credit card required to activate service. To ensure continuous service, your Sage Business Care plan is an automatically renewing plan, and subsequent years will be automatically billed to the same credit card each year on the anniversary date of your purchase at the then-current rate after notifying you 30 days in advance of your anniversary date. The credit card provided with this purchase will be used to automatically renew the plan if there is no other credit card number already established as your standard credit card number on file with Sage. You may terminate the plan with at least seven calendar days' notice prior to your renewal date and not be charged for the renewal. 4 Customer Support Analysts are available from 8:30 a.m. until 8:30 p.m. ET Monday-Friday, and reserve the right to limit calls to one hour or one incident. Assistance is limited to Sage 50 solutions. 5 Sage 50 does not impose a hard limit on database capacity, however, individual performance will vary depending on actual number of transactions, database size, and number of concurrent users. Data management efficiencies are also realized in the Sage 50 Accounting 2014 products.
