

Enterprise Solutions, designed for growing businesses, is the most powerful QuickBooks product. It has the capabilities and flexibility to meet your business' unique needs as it grows — and it could save you thousands in up-front and ongoing system costs.

5 Reasons Why QuickBooks Enterprise Solutions is the Right Solution for You.

1. Capacity, Speed, and Users to Scale With You

Easily scalable from 5 to 30 simultaneous users (comes in 5 user increments)

Handle hundreds of thousands of inventory items, customers and vendors

Will support numbers as high as 99 billion⁰

Built with a powerful industry standard Sybase 10 SQL database to scale with you and provide improved multi-user performance — including the ability to back up in multi-user mode

2. Enhanced Functionality to Help Make Better Decisions

Advanced user permissions access to 115 areas and activities

Apply and calculate foreign currencies automatically on transactions, such as sales orders, invoices and purchase orders

Download transactions from your financial institution directly into Enterprise Solutions

Over 120 built-in reports and the included Intuit Statement Writer (a \$150 value) to help you create professional financial statements

Connect multiple locations and remote workers, plus use the new QuickBooks Instant Messenger to chat with remote workers and perform remote actions²

Easily set up and process EDI transactions with TrueCommerce's EDI solution, a \$795 value included free with Enterprise Solutions⁵

Advanced inventory tools to track bill of materials, different price levels, inventory items and purchase, stock and sell the same item in different units of measure

Manage multi-location inventory, serial/lot tracking, schedule production and utilize bar coding with Intuit Warehouse Management ES⁹

Track and manage your workers and their work with Intuit Field Service Management ES⁹

Effectively manage sales opportunities and your sales pipeline with Intuit Sales Management ES⁹

3. Flexible to Work the Way You Want

Customize QuickBooks reports, invoices and estimates to your needs

Retrieve your QuickBooks data with ODBC compliant applications such as Microsoft® Access and Excel to see data just the way you want — build custom reports, link your various business applications and build custom queries or tools³

The flexibility to use Linux as your database server operating system

4. Expandable and Customizable to Your Exact Needs

Comes with one seat of each of our new applications designed to help you streamline your key tasks around Sales Management, Field Service Management, and Warehouse Management

A comprehensive selection of optional tools and applications to meet almost any business or accounting need — add exactly the capabilities your company needs, and no more

Expand your capabilities with included EDI integration by TrueCommerce, CRM, manufacturing, and many other key areas with QuickBooks-compatible software solutions⁵

Developers from the Intuit Developer Network can even create custom design applications that work with Enterprise Solutions⁵

5. Fraction of the Cost of Competitive Multi-user Systems

QuickBooks Enterprise Solutions costs \$5,000 for a 10-user license — competitive multi-user systems can cost \$20,000–\$40,000

Includes the Full Service Plan with 24/7 unlimited support, product upgrades, reporting services, data protection services, and 10 GB of online back-up

Already Using QuickBooks?

Enterprise Solutions has everything from QuickBooks Premier but it's designed specifically for growing businesses.

© 2008 Intuit Inc. Intuit, Intuit logo, and QuickBooks are registered trademarks of Intuit Inc. in the United States and other countries. QuickBooks Enterprise Solutions is a service mark of Intuit Inc. in the United States and other countries. Other parties' trademarks or servicemarks are the property of their respective owners and should be treated as such.

- Enterprise Solutions allows you to add up to one million names (e.g. customers, vendors, employees) and up to one million items (e.g. inventory, non-inventory and service items). Some performance degradation is likely as your lists approach these size thresholds.
- Additional fees may apply. Requires Windows XP Pro, Windows Server 2003, or Windows Server 2008. Access license required for each user.
- Applications sold separately.
- Full Service Plan is good for 12 months from purchase. Receive a year's worth of upgrades available through Full Service Plan. Dedicated support team available weekdays from 4 A.M. – 7 P.M. Pacific time. Intuit reserves the right to limit each telephone contact to one hour and to one incident. Support availability subject to occasional downtime for systems and server maintenance, company events, observed U.S. holidays, and events beyond our controls. Terms, conditions, pricing, service offerings, and availability of the Full Service Plan are subject to change at any time without notice. Support engineers will help you learn and create queries using ODBC feature, so you can build your own custom reports. For data recovery services — in some cases the damage may be too extensive and the data file may be non-recoverable.

Industry-specific editions include features designed for YOUR business.

Manufacturers and Wholesalers Edition

- More than 11 manufacturing and wholesale-specific reports
- Unit of Measure Conversion translates inventory between different units of measure to avoid errors when an item is ordered in one unit of measure and sold in another
- Track status of inventory items with one click
- Manage multi-location inventory and do serial/lot tracking with Warehouse Management ES⁹
- Build and track assembled items — including material and non-material costs
- Create up to 100 price levels for your item and customers
- Track back orders, sales orders, purchase orders and print pick lists and packing slips

Contractor Edition

- 18 job cost reports, 9 contractor-specific reports
- Job Costing Center: summary of job costs and profits
- Alerts notify you when subcontractor's liability insurance and Workman's Comp expire

Nonprofit Edition

- Statement of Functional Expense Report (Form 990), plus 8 nonprofit-specific reports, donors/grants/budget by programs
- Donation, Pledge, and Thank-You forms
- Track donors and contributions with customized reports such as the new Donor Contribution Summary report and Donors/Grants report

**Local Intuit Solution Providers are also available in select areas for additional help with your purchase, implementation, training and/or support needs. Professional services fees may apply. For help finding an Intuit Solution Provider in your area, please see www.qbes.com/localhelp.

***From a study of several mid-market accounting software providers conducted in May 2007. Pricing analysis is based on information available to the public as well as information provided by various professionals in the accounting software industry. The costs included in this analysis are representative of estimates for an installation supporting 10 users and core accounting applications. In some cases the costs are best estimates based on a wider range of sourced data. © 2008 Intuit Inc. All rights reserved.
